

Join the STEAM Engine for **STEMware: the Art of the Pour**, as we gather together over good food and wine to feed our heart, mind and soul, as we celebrate the winter season with fellowship.

Doors open at 6:00.

Guests are invited to network and visit tables stationed around the room to experience a sampling of the hands-on activities that the STEAM Engine features in their after-school programs.

Next, guided by a Sommelier, guests will sample five wines (two whites, two reds, and a sparkling) alongside perfectly matched morsels to enhance the flavor of the wine.

Finally, guests are treated to heavy hors d'oeuvres and two drink tickets to enjoy a full glass of your favorite(s) from the tasting.

STEMware:
The Art of the Pour
